GREEN JOLENE AND THE NEIGHBORHOOD SWAP

Wendy Mass, illustrated by Billy Young

Disney Hyperion, February 2025

“...artwork appears as full-page and spot illustrations, and it complements Mass’ buoyant voice in Jolene. Quirky characters add to the charm, keeping the importance of environmentally conscious decision-making light and digestible for young readers.” — **Booklist**

Meet Green Jolene: a green, clean, climate-conscious heroine.

This illustrated chapter book series by *New York Times* best-selling author Wendy Mass is perfect for kids who are inspired by Greta Thunberg and other classics like *Ivy & Bean* and *Clementine*.

It all began (as the best stories do) with a very stinky backpack!

Jolene wouldn’t have guessed that the first day of summer vacation would start with her trying to figure out if the squishy object smelling up her backpack was a half-eaten tuna sandwich or a six-month-old plum! (It was both!) While dumping old food in the trash and bringing out the recycling, Jolene sees the huge boxes of stuff her new neighbors got delivered. She realizes how many of her own belongings she doesn’t use anymore.

Horried by the idea of contributing to overflowing landfills and trash-filled oceans, Jolene hatches a big plan to not only deal with her own stuff, but her whole neighborhood’s unwanted items as well. Of course, big plans never work out quite the way we think they will!

Clad in her favorite rain boots, Jolene is ready to save the world. Or, at least, to tackle her own neighborhood’s stuff and find some surprising new allies along the way. For fans of *Ivy & Bean* and *Clementine* comes Jolene, a can-do new hero who is discovering how to take an Earth-first approach to every problem she encounters.

IGGY WHO BREATHES FIRE

Carrie Kruck, illustrated by Erika Meza

Disney Hyperion, October 2024

“Featuring characters clad in a Day-Glo rainbow of colors, Meza’s warm illustrations pit Iggy’s fiery exhalations against flat backgrounds. The layouts are dynamic, while the language is clear and direct; children will easily grasp the metaphor and embrace the message of self-acceptance. A blazing paean to self-love.” —*Kirkus Reviews*

Meet Iggy, a fiery new hero who knows exactly what she’s about—no matter what others think.

This hilarious picture book celebrates self-awareness and is perfect for fans of *Imogene’s Antlers* and *The Paper Bag Princess*.

Iggy was born to set the world on fire—literally. Her parents aren’t so sure. They bring in the experts—a professor, fire chief, librarian, and doctor—who suggest everything from eating ice cream to sitting in a cold room, but none can help her tame her fire.

Hilarious and heartwarming (get it?) in equal measure, *IGGY WHO BREATHES FIRE* celebrates that kids are the true experts when it comes to their own identity, and it’s up to them to decide when and how to share themselves with the world.

IMPOSSIBLE POSSUMS

Justin Colón

Disney Hyperion, October 2024

Carl is bad. Bad to the bone. The only thing that would make being this *bad* even better would be someone to share it with. Cue the Possum Populator and a whole bunch of bad guys.

Perfect for fans of *Despicable Me* and *Lilo & Stitch*, this exceptionally goofy picture book stars aspiring villain Carl the possum, who is on a mission to create a like-minded conspirator.

Life as an aspiring villain is lonely for Carl the possum, so he's on a mission to create a like-minded conspirator. But when his Possum Populator arrives, it requires assembly (and villains don't have time for that). So, Carl tosses the instructions, leading to a series of outlandish mishaps and mounting frustration as the contraption pops out all the wrong creations.

Hilarious and imaginative, this picture book will have readers laughing and eager for more diabolical misadventures with Carl at the helm.

“A quirky, inspired parable.” –*Kirkus Reviews*

For fans of *MR. TIGER GOES WILD* and *I WANT MY HAT BACK*, author-illustrator Frank Weber presents style, stunning illustrations, and sly humor in *THE TOP SPOT*, which explores themes of happiness and the why of competing in the rat race called life.

A little ibex is challenged to compete against the bigger ibexes for the top spot in the herd, a contest the little ibex stands no chance of winning. With the help of a wise mountain goat, the little ibex returns home, outsmarts his rivals, and claims the top spot. But is it everything he thought it would be?

Frank Weber’s debut, *More Dung!* combined scatological humor with existential angst. *The Top Spot* continues the existential tradition, inviting young readers to continue asking their favorite question: why?

MORE DUNG! A BEETLE TALE

Frank Weber

Disney Hyperion, May 2024

“A sure storytime hit.” —*Kirkus* (starred review)

“The combination of absurd humor and clever social commentary gives the book broad appeal, making it an easy choice for a giggly storytime or a discussion on what and how we decide to commodify things.”

–*The Bulletin of the Center for Children’s Books*

“South Africa-born animator and director Weber makes a visually comic picture book debut with this fable about the power of appreciation . . . The moral—knowing when enough truly is enough—underscores the folly of greed while playfully reassuring that one mistake doesn’t have to last a lifetime.” –*Publishers Weekly*

“The efficient text and strong page design result in a briskly paced story, yet subtle narrative flourishes throughout the illustrations will surely be discovered and appreciated through unhurried viewing.” –*Horn Book Magazine*

For fans of Jon Klassen and Peter Brown comes **MORE DUNG!**, a slyly funny and stunningly illustrated picture book about a greedy dung beetle by debut author-illustrator Frank Weber.

The dung beetle thinks he has everything he needs: the warmth of the sun, a gurgling river, and as much dung as he could ever want. But when a leopard tells him of a farm with even MORE dung, the beetle’s world suddenly looks small. And so he sets off to the farm, accruing more and more dung, building a veritable DUNG EMPIRE! But a tower of dung comes with a tower of risk, and soon our insect hero finds himself buried in his greed. (Yes, he’s buried in poop.)

Frank Weber seamlessly blends philosophical questions about greed with scatological humor and truly gorgeous artwork to create this special debut.

THE GOBBLING GOBLINS

Maika Llaneza, illustrated by Ara Villena

Disney Hyperion, April 2025

Gobble up this new picture book inspired by Filipino mythology featuring trinket-stealing goblins whose knack for thievery just might save the day.

Mind your manners; hang on to your toys (and pineapples?)

When Caden and Cailyn forget to say thank you to Lola Mi for their gifts, the famous gobbling goblins come to take the children's treasures. *Gobble gobble gobble*. It's all in a day's work.

But then a band of mischievous elves swipes some curious VIPs (Very Important Pineapples) from the house . . . pineapples that look suspiciously like Caden and Cailyn. Not saying thank you is one thing, but turning children into fruit? Talk about impolite! Now the goblins are on a rescue mission to get those pineapple-kids back from the elves. Can their latest gobble save the day?

NO CAT LIKE TAC

Alliah L. Agostini, illustrated by Charles Santoso

Disney Hyperion, March 2025

Meet Tac, an unusual cat! Her pounce shakes the house, her zoomies are a doozy, and her hairballs are . . . well, *fireballs*. But she'll always be family. Right?

Perfect for fans of dragons and in the tradition of *Not Quite Narwhal*, this laugh-out-loud picture book shows that love can overcome even the biggest, most unlikely differences!

When Tyra finds a box labeled “free kittens,” Dad says she can pick just one to adopt. So Tyra chooses Tac: a BIG kitten who’s a *little* different from other cats.

Tyra makes sure Tac has tons of toys to play with, lots of cozy places to cuddle, and plenty of love and affection. But everything about Tac, from her zoomies to her hairballs, is bigger, louder, and *fierier* than other cats.

Then one day, Tac’s mischief gets out of control, and Dad says “ENOUGH!” Can Tyra find a way to prove Tac is part of the family, differences and all?

With spare, sweet text and humorous illustrations that tell another, more dragon-y side of the story, *No Cat Like Tac* sends the funny but heartfelt message that family is about being yourselves, but choosing each other.

Ryan T. Higgins

Disney Hyperion, March 2024

Clad in her trademark pink overalls, Penelope experiences a range of emotions (disgust when Mittens uses the bathtub as a litter box, anger over a torn backpack, remorse at losing her temper) in exaggerated, snout-quivering style. A first-pet tale bursting with personality. —

BRUCE AND THE LEGEND OF SOGGY HOLLOW

Ryan T. Higgins

Disney Hyperion, July 2023

“Higgins’ quirky sensibility is as comical and appealing as ever, and his illustrations are full of kid-friendly and engaging details. Bruce’s unwilling foray into acting—which involves a meetup with a possible ghost and an attempt to escape the amorous moose playing his love interest—will have readers dissolving into giggles. They’ll delight in the humor of Bruce’s less-than-enthusiastic participation, and the story wraps up with a ghostly—but fun—twist. This is a feel-good and funny choice, perfect for Halloween or any time of the year. Laughter abounds in this spirited tale with a sprinkle of spookiness.” – *Kirkus*

This tongue-in-cheek retelling of Washington Irving’s “The Legend of Sleepy Hollow” is cleverly faithful to the source material and an excellent addition to the Mother Bruce series. Amusing speech-bubble dialogue, animated character reactions, and seasonally-hued action-packed panels help build Higgins’s story to a spirited ending for all involved, including readers. –*The Horn Book Magazine*

Celebrate all things spooky with #1 *New York Times* best-selling author Ryan T. Higgins's beloved Mother Bruce.

Bruce is a bear who does not like holidays, and he *really* doesn't like Halloween. His family of mice and geese decide the only way to get Bruce excited about Halloween is to tell a scary story.

But ever since Papi was deported, there's a lot more than electronics that need fixing in Mimi's world. Things too big for any twelve-year-old to handle on her own.

Mimi hustles around her Brooklyn neighborhood trying to earn enough money to finally fix her family. There's no time for school or friends, but Mimi knows it will all be worth it the day Papi comes home. Then her ex-friends approach her with a proposition: enter a robotics competition with them, and they could win \$50,000. It could be her chance.

Not part of the plan? A mysterious robot crashing to earth. From space.

The robot is scared, alone, and broken, and federal agents are after her. Mimi does what any street-smart electronics repair person would do: she takes the robot home, fixes her up, and in the process, makes herself a friend.

Suddenly, Mimi is anything but alone. She's part of a robotics team. She's sheltering a robot. She's dodging federal agents. And keeping all of it a secret from her mom.

Join a girl and a robot of their life-changing sci-fi adventure in this coming-of-age story that celebrates kids in STEM, first-gen communities, and the power of friendship.

All Aboard! The sequel to *Jax Freeman and the Phantom Shriek* has pulled into the station!

From the award-winning author of the best-selling *Tristan Strong* trilogy comes a magical series about a special boy who is granted summoning powers from his ancestors.

Seventh grader Jackson “Jax” Freeman recently learned two important facts: one, he’s a summoner—someone who can call on the magical powers of his ancestors to help him do amazing things—and two, he isn’t the only person with this ability.

After much training, Jax and four of his summoner classmates from DuSable Middle school in Chicago are thrust into a competition called the Tournament of Spirits where they’ll face the most skilled summoners from around the world.

But while everyone is focused on winning, Jax is given a special side quest by the elders of the four magical families: he has to spy on each of the competitors—including his own teammates—in order to uncover who is releasing endangered, and very dangerous, cryptids into the arena.

Can Jax take the top spot in the tournament and save himself and his friends from a mysterious foe?

"Funny, fast-paced, and full of heart and adventure. You'll be laughing and cheering and racing through the pages—and guessing right up to the end."—**Shannon Messenger**, New York Times best-selling author of the *Keeper of Lost Cities* series and *Sky Fall* series

The award-winning author of the best-selling Tristan Strong trilogy has created a secret world where kids can wield magic by summoning the power of their ancestors.

What do you get when you combine Kwame Mbalia's incredible imagination and world-building talent with trains, history, and ghosts? Nothing less than middle grade magic.

On his twelfth birthday, Jackson "Jax" Freeman arrives at Chicago's Union Station alone, carrying nothing but the baggage of a scandal back in Raleigh. He's been sent away from home to live with relatives he barely knows. But even worse are the strangers who accost him at the train station, including a food vendor who throws dust in his face and a conductor who tries to steal his skin.

At his new school, Jax is assigned to a special class for "summoners," even though he has no idea what those are . . . until he accidentally unleashes an angry spirit on school grounds. Soon Jax is embroiled in all kinds of trouble, from the disappearance of a new friend to full-out war between summoning families.

When Jax learns that he isn't the first Freeman to be blamed for a tragedy he didn't create, he resolves to clear his own name and that of his great-grandfather, who was a porter back in the 1920's. By following clues, Jax and his schoolmates unlock the secrets of a powerful Praise House, evade vengeful ghosts, and discover that Jax may just be the most talented summoner of all.

A unique magic-school fantasy from the best-selling and award-winning author of the Tristan Strong trilogy has just pulled into the station.

THE SUPER-SECRET MISSION TO THE CENTER OF THE MOON (PIE)

An Octagon Valley Adventure

Melissa de la Cruz

Disney Hyperion, February 2025

“De la Cruz continues to braid together two storylines of equal heft in this middle volume. Nonstop lunar lunacy.” –Kirkus

In the second book in Melissa de la Cruz’s wacky new middle grade adventure series, the Octos find themselves on a mission to the moon. Which might not be made out of cheese after all.

After discovering in book one that they had every reason to feel a little bit different than their peers, Edwin Edgefield and the rest of his alien-on earth crew are primed and ready to learn all they can about their home planet. Unfortunately, that planet has been destroyed, and the one person who can help them find out where they came from—Maureen (yuck)—has no intention of helping. In fact, she has just taken off in a rocket ship bound for the moon, where the enemy Yaks awaits with a new version of her planet-destroying machine, this time aimed at earth.

It will take every bit of Edwin, Julie, Kimmy and Dilip’s super abilities—both mental and physical—to stop Maureen this time. Can they pass through the gauntlet of tests Maureen has set for them and infiltrate the Yaks’ secret moon base before the bad guys can power up their earth-blaster, or will Maureen and the Yaks succeed in their vengeful mission?

Grab a moon pie and cuddle up with this unputdownable sequel to the book PW called “energetic” “fast-paced” and “imaginative!”

Edwin has high hopes for the weekend—hopes he'll meet other kids like him—kids who will accept him even though he's got a photographic memory, genius level math skills and some very specific personality quirks. But when he meets the other kids, he starts to wonder if they're all in the right place. There's amateur rapper Kimmy, who's obsessed with TikTok, violin-player Julie, who has zero social skills, and surfer dude Dilip, who's well, a surfer dude. And then, strange things start to happen. An escape room challenge, a zero-gravity chamber, a river full of piranhas and . . . some ninjas? Octagon Valley is all about using teamwork to make the dream work, and these normally isolated kids might not all survive. But those who do will be treated to the greatest prize—and the biggest surprise—of their lives—a chance to be truly EXTRAordinary.

SIMON SORT OF SAYS

Erin Bow

Disney Hyperion, January 2023, paperback September 2024

A Newbery Honor Book
Longlisted for the National Book Award for Young People's Literature

Simon O'Keeffe's biggest claim to fame should be the time his dad accidentally gave a squirrel a holy sacrament. Or maybe the alpaca disaster that went viral on YouTube. But the story the whole world wants to tell about Simon is the one he'd do anything to forget: the one starring Simon as a famous survivor of gun violence at school.

Two years after the infamous event, twelve-year-old Simon and his family move to the National Quiet Zone—the only place in America where the internet is banned. Instead of talking about Simon, the astronomers who flock to the area are busy listening for signs of life in space. And when Simon makes a friend who's determined to give the scientists what they're looking for, he'll finally have the chance to spin a new story for the world to tell.

Simon Sort of Says, the Newbery Honor-winning novel by Erin Bow, is a breathtaking testament to the lasting echoes of trauma, the redemptive power of humor, and the courage it takes to move forward without forgetting the past.

This paperback includes discussion questions and an interview with the author.

Erin Bow was trained as a physicist, so naturally now spends her days writing children's fiction in a tiny (heated) garden shed in Ontario, Canada. Her books—which include the Governor General's Award-winning *Stand on the Sky*, *Plain Kate*, *Sorrow's Knot*, and the science fiction duology *The Scorpion Rules* and *The Swan Riders*—have won a fistful of awards. Twelve-year-old Zeus Jones is just about the only person in the world who believes in his grandfather's stories about the Harlem Renaissance. To be fair, they are a bit far-fetched. Best-selling author Rick Riordan presents the thrilling conclusion to Graci Kim's best-selling Gifted Clans trilogy.

Riley Oh wasn't born into her family. Instead, as she recently discovered, she tumbled down to the earth many years ago as the last fallen star. Riley Oh also wasn't born to be a witch. Like, at all—even her status as a divine celestial being comes with *zilch* in the magical powers department. And Riley Oh *definitely* wasn't born to be a leader. But now the entire magical community thinks she and her soul-twin, Dahl, are meant to lead the world into the Age of the Final Eclipse (or whatever it is that the Haetae keeps saying they're "destined" to do). Greeeat.

But ever since Riley killed the Cave Bear Goddess, she's been a bit preoccupied with one thing: waiting for the goddess's sisters to get their revenge. And it looks like her wait is finally over—because as witches from around the world prepare for war, it seems as though the goddesses are preparing for something much worse. Something that will lure Riley and her friends deep into the realm of the gods. Into a world of humongous, talking moon bunnies; life-or-death mini-golf competitions; and...magical gummy candies?

"With crisp dialogue, a winning protagonist and a propulsive plot, this tale is enormously entertaining." **–New York Times Book Review of DRAGON PEARL**

Sebin, a young tiger spirit from the Juhwang Clan, wants nothing more than to join the Thousand World Space Forces and, like their Uncle Hwan, captain a battle cruiser someday. But when Sebin's acceptance letter finally arrives, it's accompanied by the shocking news that Hwan has been declared a traitor. Apparently the captain abandoned his duty to steal a magical artifact, the Dragon Pearl, and his whereabouts are still unknown. Sebin hopes to help clear their hero's name and restore honor to the clan.

Nothing goes according to plan, however. As soon as Sebin arrives for orientation, they are met by a special investigator named Yi and Yi's assistant, a girl named Min. Yi informs Sebin that they must immediately report to the ship Haetae and await further instructions. Sebin finds this highly unusual, but soon all protocol is forgotten when there's an explosion on the ship, the crew is knocked out, and the communication system goes down. It's up to Sebin, three other cadets, and Yi and Min to determine who is sabotaging the battle cruiser. Caught up in the throes of first love, Daisy grows distracted, which is only further muddled by a mysterious feud between the girls' mother and their spiritual tutor.

WISH UPON A K-STAR

Kat Cho

Disney Hyperion, April 2025

A spin-off to the *New York Times* best-selling *Once Upon a K-Prom*, a K-pop idol and an up-and-coming K-drama star must fake date in this fresh and funny romcom that Korean pop culture fans will absolutely swoon over!

Moon Minseok—or Moonster as the WDB fans know him—wasn’t born to lead. Even as part of the world’s most popular K-Pop group, he found comfort in his role as the jokester, the sidekick, the unserious one (with the cutest smile). But now WDB is drowning in dating scandals, and it’s time for Moonster to take charge of the group’s image.

Shin Hyeri has been dealing with some scandals of her own. An up-and-coming K-Drama actress, she’s been labeled a “nepo baby” (with a famous idol as a big brother) and now, a bully (which couldn’t be further from the truth). Desperate to show the world that she’s earned her spot, Hyeri is determined not to let her rising star crash and burn.

When these two childhood enemies get caught up in yet another scandal while co-hosting a K-Pop festival, there’s only one solution that will save both of their reputations: appear on one of Korea’s most popular variety shows, *Our Celebrity Marriage* (where celebrities pretend to get married and compete in ‘newlywed’ challenges).

The plan is simple—pretend to get along, win back the fans, then go their separate ways. But what happens when a fake marriage leads to real feelings? Will Moonster and Hyeri bow to the pressures of their famous realities, or will they decide their love is something worth fighting for?

"This book is a total win-win! It has two of my all time favorite things—K-Pop and a prom! What more can you really ask for?! Super fun and totally charming!!"—**Jenny Lee, author of *Anna K* and *Anna K Away***

What would you do if the world's biggest K-pop star asked you to prom? Perfect for fans of Jenny Han and Sandhya Menon, this hilarious and heartfelt novel brings the glamour and drama of the K-pop world straight to high school.

Elena Soo has always felt overshadowed. Whether by her more successful older sisters, her more popular twin brother, or her more outgoing best friend, everyone except Elena seems to know exactly who they are and what they want. But she is certain about one thing - she has no interest in going to prom. While the rest of the school is giddy over corsages and dresses, Elena would rather spend her time working to save the local community center, the one place that's always made her feel like she belonged.

So when international K-pop superstar Robbie Choi shows up at her house to ask her to prom, Elena is more confused than ever. Because the one person who always accepted Elena as she is? Her childhood best friend, Robbie Choi. And the one thing she maybe, possibly, *secretly* wants more than anything? For the two of them to keep the promise they made each other as kids: to go to prom together. But that was seven years ago, and with this new K-pop persona, pink hair, and stylish clothes, Robbie is nothing like the sweet, goofy boy she remembers. The boy she shared all her secrets with. The boy she used to love.

Besides, prom with a guy who comes with hordes of screaming fans, online haters, and relentless paparazzi is the last thing Elena wants - even if she can't stop thinking about Robbie's smile...right?

RISE

Freya Finch

Disney Hyperion, July 2024

“The contemporary setting combined with Norse mythological elements is fresh without being overwhelmed by too much godly interference, leaving room for Bryn to contend with all sorts of magical creatures and make plenty of mistakes along the way...A well-balanced story of both teenage and godly dramas.” –*Kirkus Reviews*

“The boldly drawn, white-cued cast is feisty and funny. Coupled with Bryn’s snarky first-person-present narrative, Finch unveils a rollicking, twist-filled plot, which puts a modern spin on ancient folklore while sensitively exploring issues of identity and fate.” – *Publishers Weekly, starred review*

The action and adventure of *Percy Jackson* meets the complex heroines of *The Cruel Prince* as a family of valkyries fight to stop Ragnarök.

For seventeen-year-old Bryn, being the youngest, messiest, most rebellious sister in a family of valkyries isn’t easy. Especially considering home is a Renaissance faire in Chicago full of costumed workers who see her as nothing more than a nuisance. When her mother disappears on a mission for Odin, Bryn begins having strange visions about the impending Ragnarök. Bryn senses their mother is in great danger, but her annoyingly perfect older sisters refuse to take her seriously. Their mother is, after all, captain of the valkyries.

Things only take a turn for the worse when a half human, half giant named Juniper crashes the party with a violent zombie in tow, confirming Bryn’s worst fears—her visions of Ragnarök are real. If that wasn’t enough, the faire’s mysterious new addition, Wyatt the Black Knight, just so happens to have a ferocious secret that threatens everyone around him. Determined to survive Ragnarök, Bryn, Juniper, and Wyatt team up to combat the horde of monsters that keeps appearing throughout the faire. But after Bryn ignores the call to deliver Wyatt to Odin’s eternal warriors in Valhalla, choosing to save his life instead, she starts to wonder if she’ll ever get this valkyrie thing right.

Whispers of divine interference—including sightings of the mischievous Loki—reach Bryn’s ears. Soon everyone at the faire becomes a suspect, leaving Bryn, her sisters, and their newfound friends the only ones who can stop the war to end all realms. Whether she’s ready or not, Bryn is about to learn how the ties between fate and choice are as interwoven and unbreakable as the bonds between sisters.
